

NURSING

Recommended candidate profile

Candidates seeking to study for the Bachelor's Degree in Nursing at the University of Deusto should meet the following criteria:

- Have the competences envisaged in the Spanish baccalaureate studies as part of the Health Sciences option.
- Be committed to the teaching and learning process, intellectual rigour and motivation to care for others.
- Have a capacity for sustained work and effort, as well as tolerance to stress at specific times.
- Have a vocation for service to society and a commitment to upholding the basic rights and values of a culture of peace and democracy.
- Have an adequate level of self-knowledge, maturity and the ability to form interprofessional relationships.
- Research interest in solving people's health problems; willingness to accept scientific methodology as the main form of knowledge of life phenomena.
