DRIVEN BY A VOCATION TO SERVE SOCIETY

The Faculty of Health Sciences at the University of Deusto aims to focus on the **challenges** facing society in the **healthcare** field.

In this regard, we produce highly-trained and skilled health professionals, capable of **integrating their scientific and research dimension** with their professional expertise and **humane** dimension.

This document outlines the Strategic Plan of the Faculty of Health Sciences for the three-year period 2023-26.

This 2023-26 Strategic Plan comprises 9 objectives aligned with the Strategic Projects of the University of Deusto, providing specifics related to the Faculty of Health Sciences.

Aligned with the Strategic Project of the University of Deusto

1. A Values-Based Education

1. Promote a Values-Based Education through the implementation of cross-cutting skills within degree programmes.
2. Strengthen student support and guidance during their learning process through tutorial follow-up.
3. Maintain the levels of student satisfaction with the degree programmes and help prevent any complaints that may arise for academic reasons related to the running of the programmes; and uphold the levels of academic performance.

Aligned with the Strategic Project of the University of Deusto
2. Diversify and innovate academic offerings

4. Develop and implement a wide range of programmes in line with the University's mission and strategic priorities in accordance with the new Royal Decree 822/2021 of 28 September 2021, which regulates the structure of university education and quality assurance procedures as well as the University's guidelines on the feasibility of degree programmes.
5. Equip the Faculty of Health Sciences with human resources with a teaching and research profile, and administrative and services staff.
6. Enhance the implementation of innovative teaching and learning methodologies to develop the competences needed to address current and future societal challenges, adapting them to the profile of our students.
7. Boost the internationalisation of the Faculty's undergraduate programmes.

Aligned with the Strategic Project of the University of Deusto
3. Focus knowledge generation and transfer

8. Increase the number of academic staff participating in national and international competitive projects.

Aligned with the Strategic Project of the University of Deusto
4. Promote networking and its social impact

9. Promote UNIC University (The European University of Cities in Post-Industrial Transition) through joint international teaching activities.
